Re: DOCKET NO. W-01303A-09-0343; SW-0303A-0-0343,
Wastewater Rate Design Examination

As a Sun City, AZ resident I am requesting you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a 90% rate increase if full-district consolidation was to be approved by the Commission.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully yours,

Richard Zeitschel

Greetings, Bob Burns, Susan Bitter Smith, Gary Pierce, Bob Stump and Brenda
Burns

Please do not allow full consolidation of all the EPCOR wastewater districts.
EPCOR projects each Sun City wastewater user would experience a 90% rate increase if full-
district consolidation was to be approved by the Commission.

EPCOR noted in their ACC response that they estimate additional capital
improvement costs for the Sun City District of \$9.3M over the next five years. If a full
consolidation were to take place, Sun City users would be required to pay an additional
\$22.5M over the noted five-year period. This equates to subsidizing other district costs
in the amount of \$13.2M. We cannot and should not be required to subsidize other districts
for poor planning and choices.

Thank you for your consideration and a vote to deny full consolidation of the
EPCOR wastewater districts.

Please do the right thing,

Thank you,
James Luster

Sun City Home Owners Association

Wastewater Rate Design Examination; Consolidation/ De-Consolidation

**DOCKET NO. W-01303A-09-0343;
SW-0303A-0-0343**

The EPCOR Wastewater Rate issue remains high!

The Sun City Home Owners Association has taken the position **opposing the current EPCOR proposal** which would increase home owners' rates by 90%. ALL residents input is important. If you have not yet sent a letter to the Arizona Corporation Commission regarding this issue, **PLEASE** do so. Responses are needed if you do not wish to see an extreme increase in Sun City rates. Below is a brief letter for your convenience. If you highlight the letter, select the commissioner's link, you are then able to paste the letter into your email. The **MOST** important information that is needed is whether or not each respondent is opposed or not opposed to the consolidation. You may provide further information and/or comments, but your **Yes or No** is important to note. **Letters need to be submitted immediately to be counted by the ACC.**

A copy of this letter will be available at the Safety Meeting that will be taking place this Wednesday, August 27, 2014, at the Sundial Center, beginning at 6:30 p.m. for your

convenience. Letters that are filled in and signed that evening will be mailed to the Arizona Corporation Commission by SCHOA.

As always, SCHOA is

“Committed to Keeping Sun City Informed.”

Thank you for your response of this important issue which will impact all residents.

I am opposed to full consolidation of all EPCOR wastewater districts.

As a Sun City, AZ resident I am requesting you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a 90% rate increase if full-district consolidation was to be approved by the Commission.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully yours,

I am opposed to full consolidation of all EPCOR wastewater districts.

As a Sun City, AZ resident I am requesting you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a 90% rate increase if full-district consolidation was to be approved by the Commission.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully yours,

RE: Docket EPCOR Waste Water Consolidation

Utility Name EPCOR

Docket Numbers: W-013031009-0343 and SW-013031-09-0343

I am a resident of Sun City, Arizona and I am opposed to the above request by EPCOR for a consolidation of water rates. This would cause a huge increase in the cost of water to the people who live in Sun City plus many other communities. This would definitely be a hardship on all of us. This is a community of retired individuals living on a fixed income.

Sincerely,

A handwritten signature in black ink, appearing to read 'Frank Stynen', with a long horizontal line extending to the right.

I have learned you are now considering and will soon be voting on the referenced matter in which I have concerns! Please accept and enter this letter as written affirmation **I am opposed to full consolidation of all EPCOR wastewater districts.**

In this day of fast-changing everything, it's a shame you even consider forcing those of us who have been here for a while to pay for the latest wants of newcomers to this geographical location!

The Commission's 'NO' vote is hereby requested!

Sincerely,

LC Warner

Re: **DOCKET NO. W-01303A-09-0343; SW-0303A-0-0343,**
Wastewater Rate Design Examination

As a Sun City, AZ resident I am requesting you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a 90% rate increase if full-district consolidation was to be approved by the Commission.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully yours,

Judith A. Bryjak

COMMUNITY FUND OF SUN CITY WEST, INC.

"Helping Residents in Need"

September 5, 2014

Arizona Corporation Commission
Bob Stump - Chairman
1200 W. Washington
Phoenix, AZ 85007-2996

Dear Commissioner Stump,

I am writing on behalf of the Community Fund of Sun City West. As you can see in the enclosed brochure, the Community Fund has provided financial assistance to Sun City West residents since 1982.

As you might imagine, the recipients of our aid are the elderly, living on a fixed income, usually Social Security. Last year we paid out nearly \$100,000 to cover utility bills, mortgages, etc.

Soon, the Corporation Commission will be asked to rule on a proposal by EPCOR that will effectively increase the cost of water and sewer to Sun City West residents. **The Community Fund of Sun City West strongly opposes this proposal.**

Our clients have not seen an increase in their income, and the cost of an increase in their water and sewer rates will be devastating for many of them. Please consider them when you make this decision.

Sincerely,

Jerry Overton
President
Community Fund of Sun City West

13940 W. MEEKER BLVD SUITE #115 PMB 613 • SUN CITY WEST, AZ 85375-4495 • (623) 546-1122

I am definitely against EPCOR's plan to consolidate the sewer and water plan which they are requesting. We should not be expected to help pay for something that will not benefit us in any way; (Mohave and Topak are over 200 miles from here). EPCOR is creating a huge bill and asking it's customers to pick up the tab. EPCOR is requesting for assistance in upgrading properties purchased by individuals and EPCOR who well knew what they were purchasing to begin with.

The Sun Cities are old communities faced with having to replace many failing things such as plumbing, wiring, roofs and much more. There are many elderly people here on fixed incomes who are being forced to choose between food or medication. We are aware of the charities who assist; but they have fallen short of may resident's needs.

Please go to the Internet and search this article (Mohave County Absentee Landowners News, LLC). I have this letter in it's entirety and I believe this is a part of EPCOR's scheme. Please do not permit them to carry out this plan.

Respectfully

I am opposed to full consolidation of all EPCOR wastewater districts.

As a Sun City, AZ resident I am requesting you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a 90% rate increase if full-district consolidation was to be approved by the Commission.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully yours,

Bob Stump, Chairman
Arizona Corporation Commission
1200 W. Washington – 2nd Floor
Phoenix, Arizona 85007

Dear Bob;

We purchased our first home in Sun City West in 1992 and present one in 2005. We moved here full time in 2001.

We object to the consolidation of the Waste water districts proposed by Epcor.

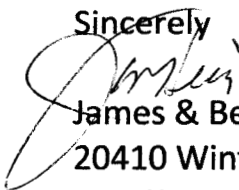

As Sun City and Sun City West are retirement communities we believe we should not need to help pay for expansion areas. We feel we can update our facilities as needed, without the consolidation.

We selected Sun City West because of their amenities, utility costs and beautiful area to retire in.

We also don't feel consolidation would benefit us if the 3600 acre proposal goes thru with Epcor to build a new sewer treatment plant to service this new area and we would be expected to support it vs the developer or builder being required to include this in their cost of improvement.

We strongly encourage you to vote against consolidation so we don't have to bear cost burdens over which we have no control or benefit.

Sincerely,

James & Betty Heig

Re: **Wastewater Rate Redesign; Consolidation / De-Consolidation**
Docket No. **W-01303A-09-0343;**
SW-0303A-0-0343

Mr. Bob Stump,

As a resident of Sun City, I am requesting that you **do not allow full consolidation** of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience an 89% rate increase if full consolidation was to be approved by the Commission.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay \$22.5M over the noted five year period. This equates to subsidizing other district costs in the amount of an additional \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

The 89% increase proposed for the Sun City area is the second highest increase, next to the Tolleson area. In addition to this amount, is their proposed capital investment costs of \$22.5M.

Since the residents of Sun City are mostly retired and on limited incomes, these increases are way beyond a modest amount and will create huge hardships in most cases.

As a resident of Sun City, **I am opposed to full consolidation of the EPCOR wastewater districts** which will result in subsidizing other communities expenses and improvements, especially when they are still actively working and most likely have higher incomes.

Respectfully submitted,

Michael C. Weber

EPCOR'S Proposal for Waste Water Consolidation

Good Morning Commissioners

Through the mail box stuffing by EPCOR and its proposal to consolidate waste water and increasing rates among five (5) districts, Sun City West being one of the districts, has us very concerned and angry. We do not want an increase. This matter is totally unacceptable...and cannot be allowed.

Sun City West did not seek to be involved in this rate case and we believe our community has found no basis for EPCOR's assessment of these charges. In August meeting, you will be exploring the following.

- 1. Possible reconsolidation between Aqua Fria and Anthem*
- 2. Consolidation of Corte Bella and Sun City West*
- 3. EPCOR's proposal to consolidate all five waste water districts into one.*

Since we are Pora members, we are requesting our Pora representatives to oppose #2 and #3...Option #1 does not impact Sun City West directly. We want and expect no rate increases from EPCOR. Please listen to our Pora representatives and residents of Sun City West...hear our voice NO RATE INCREASE>>>

Sincerely.

If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully yours,

RE: DOCKET NO. W-01303A-09-0343; SW-0303A-0-0343
Wastewater Rate Design Examination

As Sun City residents, we are requesting that you do not allow the consolidation of all EPCOR waste water districts.

When EPCOR acquired American Water there should have been systemic gains that would lower, not increase, rates. Even in light of capital improvements, rates should not reflect this horrendous rate shock! EPCOR may have made an error when they purchased American Water.

Sun City residents should not be required to pay for EPCOR'S administrative mistake. To cover EPCOR'S mistake by projecting our betterment over time is misleading. EPCOR would better use their expertise in management to keep rates reasonable. The economy of size doesn't always benefit the end user. It just may add to poor management and rate increase.

Please do not allow the consolidation of waste water districts!

Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully yours,

George & Shirley Schwartz

RE: Docket No. W-01303 A-09-0343; SW-0303A-0-0343, Wastewater Rate Design Examination

As Sun City, AZ residents, we are requesting that you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures **supplied by EPCOR**, each Sun City wastewater customer would experience an 89% rate increase if full-district consolidation were to be approved by the Arizona Corporation Commission.

EPCOR noted in their ACC response that they have projected additional capital improvement costs for the Sun City District of \$9.3 Million over the next five years. If full consolidation were to take place, Sun City customers would be required to pay an additional \$22 Million over that same period. This equates to subsidizing other district costs in the amount of \$13.2 Million. Sun City customers cannot and should not be required to subsidize other districts for their poor planning and choices.

Thank you for your consideration of this matter and for your vote to deny full consolidation of the EPCOR wastewater districts.

With respect,

The block contains two handwritten signatures in black ink. The top signature is cursive and appears to read 'George Schwartz'. The bottom signature is also cursive and appears to read 'Pamela Schwartz'. Both signatures are written over a horizontal line.

and/or comments, but your **Yes or No** is important to note. Letters need to be submitted immediately to be counted by the ACC.

A copy of this letter will be available at the Safety Meeting that will be taking place this Wednesday, August 27, 2014, at the Sundial Center, beginning at 6:30 p.m. for your convenience. Letters that are filled in and signed that evening will be mailed to the Arizona Corporation Commission by SCHOA.

As always, SCHOA is

"Committed to Keeping Sun City Informed."

Thank you for your response of this important issue which will impact all residents.

The EPCOR Wastewater Rate issue remains high!

The Sun City Home Owners Association has taken the position opposing the current EPCOR proposal which would increase home owners' rates by 90%. ALL residents input is important. If you have not yet sent a letter to the Arizona Corporation Commission regarding this issue, PLEASE do so. Responses are needed if you do not wish to see an extreme increase in Sun City rates. Below is a brief letter for your convenience. If you highlight the letter, select the commissioner's link, you are then able to paste the letter into your email. The MOST important information that is needed is whether or not each respondent is opposed or not opposed to the consolidation. You may provide further information

Re: **DOCKET NO. W-01303A-09-0343; SW-0303A-0-0343,**

Wastewater Rate Design Examination

Dear Mr. Stump:

As a Sun City, AZ resident I am requesting that you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a **90% rate increase** if full-district consolidation was to be approved by the Commission.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

I am a retired disabled veteran living on a fix income. This raise would hurt a lot of our Sun City residences especially our widows. In fact, it would be devastating.

Thank you for your consideration regarding a vote to deny full consolidation of the EPCOR wastewater districts would be greatly appreciated.

Sincerely,

Charles L. Manes

Comments: *(Sun City)*
We moved here as a retired couple on a fixed income. We felt we could live here; within our income. Sun City is a fixed-sized community. Now, those in developing areas (and richer than we are) want us to help them pay their bills. Why didn't they choose to live in an area affordable to them? Many of us are physically unable to go back to work. Where will we get the money for that kind of increase?

Comments: Sun City residents should not be required to subsidize other districts for their poor planning and choices. In moving to and living in Sun City, residents have planned for their future, dealing with low-income budgets, and knowing that their utilities were set through past planning. TO EPCOR: What makes you think Sun City residents should be responsible for all the other districts that were built without any planning. How are RETIRED residents of Sun City supposed to pay an 89 percent increase in rates - NOT EAT, LOSE THEIR HOMES, LIVE OFF THE PUBLIC DOLE, NOT USE THEIR WATER/SEWER??? Where did you get your sense of justice??? Are you so without understanding that if we can't pay our EPCOR bill, who will??? The residents of Sun City worked all their lives, to end up losing everything because EPCOR wants to raise their rates by stealing from the elderly!!!!

Re: **DOCKET NO. W-01303A-09-0343; SW-0303A-0-0343,**
Wastewater Rate Design Examination

As a Sun City, AZ resident I am requesting you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a 90% rate increase if full-district consolidation was to be approved by the Commission.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully yours,

Re: DOCKET NO. W-01303A-09-0343; SW-0303A-0-0343,
Wastewater Rate Design Examination

As a Sun City, AZ resident I am requesting you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a 90% rate increase if full-district consolidation was to be approved by the Commission.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully yours,

To Our Representative,

Re: Water Rate Redesign

Please do not support the consolidation of the EPCOR water districts. Information released by EPCOR reveals that each Sun City user would be burdened with an almost 90% rate increase should full district consolidation occur. This is an extremely large burden to place upon a community of retirees, most of whom have fixed incomes. Our water bill is already over \$80 a month.

To permit this consolidation would create a subsidy to the other districts of \$13.2 million, which should NEVER be allowed!

Thank you for your strong support AGAINST the full consolidation of the EPCOR districts.

Sincerely,

Ferdinand and Susan Mandolini, Sun City residents

9827 N 103rd Ave, Sun City, 85351

EPCOR WASTEWATER RATE INCREASE - SCHOA UPDATE

Carole Studdard, Marketing Coordinator

To: gramad1119@yahoo.com

Aug 26 at 2:11 PM

Sun City Home Owners Association

Wastewater Rate Design Examination; Consolidation/ De-Consolidation

DOCKET NO. W-01303A-09-0343;
SW-0303A-0-0343

The EPCOR Wastewater Rate issue remains high!

The Sun City Home Owners Association has taken the position opposing the current EPCOR proposal which would increase home owners' rates by 90%. ALL residents input is important. If you have not yet sent a letter to the Arizona Corporation Commission regarding this issue, PLEASE do so. Responses are needed if you do not wish to see an extreme increase in Sun City rates. Below is a brief letter for your convenience. If you highlight the letter, select the commissioner's link, you are then able to paste the letter into your email. The MOST important information that is needed is whether or not each respondent is opposed or not opposed to the consolidation. You may provide further information and/or comments, but your **Yes** or **No** is important to note. Letters need to be submitted immediately to be counted by the ACC.

A copy of this letter will be available at the Safety Meeting that will be taking place this Wednesday, August 27, 2014, at the Sundial Center, beginning at 6:30 p.m. for your convenience. Letters that are filled in and signed that evening will be mailed to the Arizona Corporation Commission by SCHOA.

As always, SCHOA is

"Committed to Keeping Sun City Informed."

Thank you for your response of this important issue which will impact all residents.

RE: OPPOSITION OF FULL WASTE WATER CONSOLIDATION

To Whom It May Concern:

This letter is in **opposition** to the full consolidation scenario that would increase Sun City and Youngtown waste water rates by 89%!

The majority of the residences in these two cities are on fixed income or some type of fixed retirement - welfare - disabilities - etc. This would be a financial hardship on so many.

We both are registered voters in the state of Arizona.

Respectfully submitted for your consideration.

Wastewater Rate Design Examination

As a Sun City, AZ resident I am requesting you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a 90% rate increase if full-district consolidation was to be approved by the Commission.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to *subsidize other districts for poor planning and choices.*

Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully yours,

J. Kindness

Gentlemen:

Epcor Water is proposing full consolidation of all the Epcor wastewater which will result in an 89% rate increase for Sun City homeowners. This will generate \$13.2 million in funds from Sun City to be used for other Districts outside Sun City.

In our present economy, with many seniors struggling to pay increased costs in everything, an 89% increase would be both excessive and unfair.

Will you please oppose this increase?

Sincerely,

Wastewater Rate Design Examination; Consolidation/ De-Consolidation

**DOCKET NO. W-01303A-09-0343;
SW-0303A-0-0343**

The EPCOR Wastewater Rate issue remains high!

The Sun City Home Owners Association has taken the position **opposing the current EPCOR proposal** which would increase home owners' rates by 90%. ALL residents input is important. If you have not yet sent a letter to the Arizona Corporation Commission regarding this issue, **PLEASE** do so. Responses are needed if you do not wish to see an extreme increase in Sun City rates. Below is a brief letter for your convenience. If you highlight the letter, select the commissioner's link, you are then able to paste the letter into your email. The **MOST** important information that is needed is whether or not each respondent is opposed or not opposed to the consolidation. You may provide further information and/or comments, but your **Yes or No** is important to note. **Letters need to be submitted immediately to be counted by the ACC.**

A copy of this letter will be available at the Safety Meeting that will be taking place this Wednesday, August 27, 2014, at the Sundial Center, beginning at 6:30 p.m. for your

Bob Stump, Chairman
Arizona Corporation Commission
Commissioners Wing
1200 W. Washington - 2nd Floor
Phoenix, Arizona 85007

Dear Mr. Stump:

I am a 100% Disable Combat Marine living from V.A. and Social Security Disability income. I am 70 Years Old. My wife Vicky is 64 and has only Social Security Income. Our income is dramatically stressed by our \$250.00 per month average water bill. Vicky and I are the only people living in our home in Verrado. Vicky and I recently attended a meeting during which the waters rates of other communities we listed compared to ours in Verrado. We were stunned.

The implore you to lead the way for Full Consolidation of the water Districts listed below or at least those closely related to a full Consolidation will be yours and the other members top priority. This disparity in charges is staggering and insulting. I voted for you as did my wife, Daughter, and son-in-law, who live just five blocks from us in Verrado.

In the United States Marine Corps, I served in 1966 and 1967 with 1st Platoon, Delta Company, 1/1/1. I served and a Rifleman for 10 months and was involved in more than 115 Firefight and two very large scale battles each lasting 15 days in the jungle covered hills of the DMZ against a several Divisions consisting of more than 15,000 North Vietnamese army Soldiers. I also served for a number of months as our Battalion Night Sniper. Sire I love our country and have fought long and hard suffering hearing loss and Cancer from exposure to Agent Orange. I was supposed to die by mid-2000 but by the grace of God was spared. The extremely high waste water charges are hard to make and to accept. I have given much to our country

and rely of good people like you to help us with full consolidation and relief from the high charges.

The chart included was provided by WAC Volunteers. Needless to say we were shocked.

Thank you for reading my letter. I hope to hear from you in the near future. Please sir, help us.

Sincerely,

Frank L. Martin

Frank and Vicki Martin

1ST Platoon, Delta Company, 1/1/1 Republic of South Viet Nam

By the Numbers:

According to a recent EPCOR assessment, Agua Fria customers use an average of 11,000 gallons a month in water. Wastewater consumption is calculated at 100% of your regular water usage and is capped at 7,000 gallons of usage.

In Verrado, and across the entire Agua Fria Wastewater district, customers pay approximately \$106 each month for just wastewater. You can only pay a little less if your total water usage is below 7,000 gallons a month.

Here's a chart from a 2013 study about the average rates across Phoenix:

As a Sun City, AZ resident I am requesting you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a 90% rate increase if full-district consolidation was to be approved by the Commission.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully yours,

Mike & Terry Buckley

Re: DOCKET NO. W-01303A-09-0343; SW-0303A-0-0343,
Wastewater Rate Design Examination

As a Sun City, AZ resident I am requesting you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a 90% rate increase if full-district consolidation was to be approved by the Commission.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts. *Please*

Re: **DOCKET NO. W-01303A-09-0343; SW-0303A-0-0343,**

Wastewater Rate Design Examination

Dear Mr. Stump:

As a Sun City, AZ resident I am requesting that you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a **90% rate increase** if full-district consolidation was to be approved by the Commission.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

Furthermore, most of us are retired and living on a fixed income. It is also my understanding that EPCOR has a reputation for buying water companies and then raising the prices to absorbent fees. I believe they did this in Surprise.. No one city should have to bare the burden of all the others for example Glendale who is not touched by this rate increase and yet Sun City is getting a 90% rate increase. This will not only hurt our resident water rates but will increase our recreation fees.

Thank you for your consideration and please vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully yours,

Janet Dougherty

To Whom It May Concern:

DOCKET NO. W-01303A-09-0343; SW-0303A-0-0343

My sisters and I have been residents of Sun City since 1970. We are **requesting you do not allow the full consolidation of all the EPCOR wastewater districts**. According to the figures we have seen from EPCOR, each user of Sun City wastewater would have a 89-90% rate increase if the full-district consolidation is approved.

It seems that EPCOR has also projected additional capital improvement costs for the Sun City District of \$9.5 M over the next five years. This would require Sun City users to pay an additional \$22.5M over the given five-year period.

Was this a result of poor planning?

We appreciate your considering the wishes of the people of Sun City in this matter. Please deny the full consolidation of the EPCOR wastewater districts.

Phoenix AZ 85007

I see that EPCOR (formerly AZ American) wants to send the sewer rates into the stratisphere. Somewhere in "the machine" you should find a previous letter from me regarding AZ American and their need to boost water rates. When I lived in Missouri, I received the story from MO American that they needed a big increase to fix, repair and/or install new lines, etc. A citizens group got involved and discovered the proposed increase was actually for an installation in St. Joseph, MO and had nothing to do with us except for the fact that we would subsidize a system 250 miles away. When this became public, need for our "fix, repairs, etc." disappeared.

Having dealt with APS in the past, I know that utilities' "need to have" is really much higher than the actual need. I'm sure EPCOR is no different.

Please don't let them "rape" the public again. There are alot of us trying to survive on social security and a rate increase would be the difference between taking or not taking needed medications and/or living in mandated poverty for the rest of our lives.

Sincerely,

Re: Docket No. W-01303A-09-0343; SW-0303A-0-0343
Wastewater Rate Design Examination

Dear Sir:

As a Sun City, AZ resident I am requesting you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a 90% rate increase if full-district consolidation was to be approved by the Commission.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully yours,

As a Sun City, AZ resident I am requesting you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a 90% rate increase if full-district consolidation was to be approved by the Commission.

Please consider that Sun City residents use very little water and waste water is also very small compared to other districts; most households are one or two people. The majority of residents are only in residence for six to nine months of the year.

It is interesting to me that two prior water companies came in and bought out the server and then immediately began raising rates. This is happening again even before the prior increases are scheduled to take effect. You have a choice to take the profit out of this corporate reselling. Note also that the new server apparently came in with more staff, and a fleet of new vehicles to drive up (pun intended) what they can show you as costs?

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. Re: **DOCKET NO. W-01303A-09-0343; SW-0303A-0-0343,**⁹
Wastewater Rate Design Examination

As permanent residents of Sun City, Arizona we are requesting that you do not allow full consolidation of the EPCOR wastewater districts. Based on the information supplied by EPCOR, we along with every other Sun City wastewater user would experience an almost **90% rate increase** if full-district consolidation is approved by the Commission. We, like many other residents of this community, are living on fixed incomes and can ill afford such a cost increase to one of life's necessities.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would instead be required to pay \$22.5M over the noted five-year period. This equates to **subsidizing other district costs in the amount of \$13.2 million**. Why should Sun City residents be forced to pay for the improvements made in other districts? We are certainly not responsible for creating their needs!

Your vote to **deny** full consolidation of the EPCOR wastewater districts will be appreciated.

Respectfully yours,

Thomas R. Horn

As a Sun City, AZ resident I urge you not to allow consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a 90% rate increase if full-district consolidation was to be approved by the Commission.

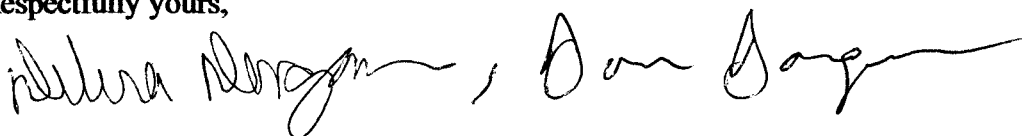

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. We are, like most Sun Citians, on a fixed retirement income, which has barely been increased in some years. We must plan and save for home improvements and repairs, and it seems only fair that a for-profit company like EPCOR should have to do the same without burdening some of its customers, who have no other choice for these services, while allowing others to benefit at their expense.

I again would urge that you not allow this consolidation.

Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully yours,

Water Action Committee

Support for the Full Consolidation of EPCOR Wastewater Districts

To: Arizona Corporation Commission
Commissioners Wing 1
200 W. Washington - 2nd Floor
Phoenix, Arizona 85007

From: Michael Harris
20375 W Springfield St
Buckeye, AZ 85396

Subject: ACC docket: SW-1303A-09-0343

Dear Sir or Madam;

Respectfully urge the Commissioners of the Arizona Corporation Commission (ACC) to vote for **full consolidation** of the wastewater districts under EPCOR management in the Phoenix metro area to include: Agua Fria, Anthem, Sun City, and Sun City West. In support of this decision, I urge you to consider the following:

Verrado and other Agua Fria ratepayers are unduly impacted by the current **deconsolidated** structure, paying 300% of normal rates for Metro Phoenix. That **deconsolidated** rates are negatively impacting the financial health of each affected ratepayer. That **deconsolidated** rates are negatively impacting the growth and development of our community. That everyone benefits from the growth and development of greater Phoenix, and that **fully consolidated** cost-sharing, where feasible, is fair and reasonable. That a simplified rate structure with **full consolidation** works to the long-term advantage of **all** ratepayers, regardless of district. Costs of future repairs, upgrades, maintenance, and growth will be distributed across a much larger ratepayer group with **full consolidation**, reducing the impact to any single ratepayer.

Thank you for your time and consideration on this extremely important matter.

Sincerely,

Verrado Resident

(Excluding Holidays)

Dear Commission Members,

As Sun City, Arizona residents, we are requesting that you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a 90% increase if full district consolidation is to be approved by the Commission. This represents a very very hefty increase for many of us who live on a fixed income.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next 5 years.

If as full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted 5 year period. This equates to subsidizing other district costs in the amount of \$13.2M.

We cannot and should not be required to subsidize other districts for poor planning and choices.

Thank You for your consideration and a vote to deny full consolidation of the EPCOR wastewater district.

Re: **DOCKET NO. W-01303A-09-0343; SW-0303A-0-0343,**
Wastewater Rate Design Examination

As a Sun City, AZ resident I am requesting you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a 90% rate increase if full-district consolidation was to be approved by the Commission.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully yours,

Wastewater Rate Design Examination

As Sun City, Az. residents
we are requesting you do not allow
full consolidation of all the EPCOR
wastewater districts. Based on the
figures supplied by EPCOR, each
Sun City wastewater user would
experience a 90% rate increase
if full-district consolidation was
to be approved by the Commission.

EPCOR noted in their ACC
response they have projected

additional capital improvement costs for the Sun City District of 9.3 M over the next 5 years.

If a full consolidation were to take place, Sun City users would be required to pay an additional 22.5 M over the noted 5 year period. This equates to subsidizing other district costs in the amount of 13.2 M. We cannot and should not be required to subsidize other districts for poor planning and choices.

Thank you for your consideration and a vote to deny consolidation of the EPCOR wastewater districts. Have a conscience about the financial strain put on Sun City residents living on low fixed incomes.

Re: EPCOR FULL CONSOLIDATION OF ITS WASTE WATER DISTRICTS

Dear Commissioners:

We have been residents of Sun City since 1979. Over the years we've seen many changes in our wonderful community. Change must take place . . . it has here, and it's been beneficial to our community.

From the information we've gleaned from correspondence, publicity and hearings, Sun City District capital improvement costs would be \$9+ million over five years. Full Consolidation would add an additional 22+ million over the same period. Subsidizing other districts to over 13+ million isn't equitable.

The residents of Sun City are senior citizens, and many are existing on fixed incomes, that don't increase with inflation from year to year. Why should they be penalized? They've paid their way in Sun City to make it the a livable community over the years.

Please vote to deny *full consolidation* of the EPCOR Waste Water Districts.

Thank you for reviewing this proposal and looking out for the consumer.

Sincerely,

Mary A. Dianis

Re: DOCKET NO. W-01303A-09-0343; SW-0303A-0-0343,
Waste-water Rate Design Examination

As a Sun City, AZ resident I am requesting you do not allow full consolidation of all the EPCOR waste-water districts. Based on the figures supplied by EPCOR, each Sun City waste-water user would experience a 90% rate increase if full-district consolidation was to be approved by the Commission.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

Thank you for your consideration and a vote to deny full consolidation of the EPCOR waste-water districts.

RE: Waste Water Consolidation

Gentlemen:

Our waste water fee is already outrageous!

What does it cost anyway to recycle waste water? It should be revealed to the consumer why it is so expensive and why the variation in cost.

Will it be possible the consumers be invited to the hearing? Please reveal.

Sincerely,
Rita + Gene Miller

Re: **DOCKET NO. W-01303A-09-0343; SW-0303A-0-0343,**
Wastewater Rate Design Examination

As a Sun City, AZ resident I am requesting you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a 90% rate increase if full-district consolidation was to be approved by the Commission.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully yours,

Re: Complaint

Ladies and Gentlemen,

Saul Alinsky, the notorious communist-american radical, in his "Rules for Radicals" included this principle — Create a crisis, then provide the solution to that problem that promotes your agenda. This is what Mediacom has now done to its loyal customers.

Mediacom has announced that analog channels 23-71 will "go away" in September 2014. Then they say their solution is going to be that customers will be required to PAY RENT on converters to be able to receive H.D. signals.

Mediacom wants to SAVE MONEY for themselves by converting and eliminating any analog signals, then on top of that they want their victims to PAY them for their action to gain more profit for themselves.

When I recently renewed my contract with Mediacom for two more years, the "retention representative" assured me that by renewing I would continue to receive all the same services I was then receiving.

To me this new action appears to be a breach of contract, and I should be given just recompense.

I am 80 years old living on Social Security, and live on limited funds. Mediacom is the only cable communications company licensed to do business in the City of Apache Junction, AZ, so I have no competing company to go to. I have 5 analog T.V.'s, one for each room, all working well, beyond the one T.V. in my living room attached to a Mediacom H.D. converter box.

Mediacom says it will provide only up to 3 HD. converters, for which they will charge rent. Their action disables my 5 perfectly working analog T.V.'s and they want me to pay them for doing that to me. I can not afford to purchase new H.D. T.V.'s, nor can I afford the accumulating rent of Mediacom's newly required rental fees. Mediacom by this action is taking away what I already have and charging me for it.

Mediacom's new ploy to increase its income at the expense of its victim subscribers is unfair, arbitrary, and a breach of the contract in force.

I want a resolution to this problem which, at my age and condition, does not reduce my promised services, nor costs me additional amounts of my labor or money, permanently, regarding hardware or rents.

Mediacom has imposed a deadline of Sept. 30, so I need a reply by Sept. 23, 2014, to have time to respond to Mediacom.

From: Gary and Kathy Ulrich, 9635 W. Wrangler Dr., Sun City, AZ

This e-mail is in regards to the Wastewater Rate Design Examination as listed on Docket No. W-01303A-09-0343 and SW-0303A-0-0343 as being discussed. As a Sun City, AS resident I am requesting you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each SunCity waste water user would experience a 90% increase if full-district consolidation was to be approved the the Commission. This is entirely too much to bear in a retirement community or limited retirement incomes.

It is also to be noted that EPCOR, in their ACC response, have also proected an additional capital improvement program of \$9.6 million over the next 5 years. Sun City users would then be required to pay an additional \$22.5 Million over the noted five-year period. This would mean that Sun City would subsidize district costs in the amount of \$13.2 Million. This is, at most a very difficult proposition, that could cost the community immensely. This is not a fair nor equatable solution. We cannot and should not be required to subsidize other districts for poor planning and choices.

Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully Yours,

Gary R. Ulrich
Kathleen A. Ulrich

From: Sun City Resident Wanda Pantle

RE: Docket No. W-01303A-09-0343; SW-0303A-0-0343

To say that I am distressed about the proposed full consolidation of all the EPCOR wastewater districts is an understatement. According to EPCOR's own figures if a full consolidation were to take place each Sun City wastewater user would experience a 90% rate increase.

While EPCOR noted that they have projected capital improvement costs of \$9.3 M for the Sun City district over the next 5 years, if full consolidation takes place Sun City users will be required to pay an additional \$22.5 M over that period in what amounts to subsidizing other district's costs in the amount of \$13.2 M. This is not something that we should be required to do.

I urge you to vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully,

During Payson Water Company Rate Case Hearing / Dkt. No.: W-03514A-13-
0111 & W-03514A-13-0142**

Dear Ms. Reidhead:

I have reviewed your July 23, 2014 supplemental statement concerning your observations of Commission Staff Attorney Robin Mitchell and Staff Witness Crystal Brown during the course of the Commission's Payson Water Company proceedings. Although it is apparent from your July 23rd statement that you believe there was inappropriate signaling of answers from attorney to witness, I do not agree. My observations of the proceedings recorded in the Commission's archives and my earlier investigation do not support a conclusion that Commission attorneys or its staff engaged in misconduct.

My conclusions remain as stated in my March 28, 2014 letter to Mr. Chrisman filed in the above referenced dockets. There was no misconduct by Staff Attorney Robin Mitchell or Staff Witness Crystal Brown.

Sincerely,

A handwritten signature in cursive script that reads "Jodi A. Jerich".

BUCKEYE, AZ 85396

Subject: ACC docket: SW-1303A-09-0343

Dear Sir or Madam;

Respectfully urge the Commissioners of the Arizona Corporation Commission (ACC) to vote for **full consolidation** of the wastewater districts under EPCOR management in the Phoenix metro area to include: Agua Fria, Anthem, Sun City, and Sun City West. In support of this decision, I urge you to consider the following:

Verrado and other Agua Fria ratepayers are unduly impacted by the current **deconsolidated** structure, paying 300% of normal rates for Metro Phoenix. That **deconsolidated** rates are negatively impacting the financial health of each affected ratepayer. That **deconsolidated** rates are negatively impacting the growth and development of our community. That everyone benefits from the growth and development of greater Phoenix, and that **fully consolidated** cost-sharing, where feasible, is fair and reasonable. That a simplified rate structure with **full consolidation** works to the long-term advantage of **all** ratepayers, regardless of district. Costs of future repairs, upgrades, maintenance, and growth will be distributed across a much larger ratepayer group with **full consolidation**, reducing the impact to any single ratepayer.

Thank you for your time and consideration on this extremely important matter.

Sincerely,

Verrado Resident

As always, SCHOA is

"Committed to Keeping Sun City Informed."

Thank you for your response of this important issue which will impact all residents.

If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully yours,

Re: **DOCKET NO. W-01303A-09-0343; SW-0303A-0-0343,**
Wastewater Rate Design Examination

As a Sun City, AZ resident I am requesting you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a 90% rate increase if full-district consolidation was to be approved by the Commission.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts.

- (x) I am opposed to full consolidation of all EPCOR wastewater districts.
() I am not opposed to full consolidation of all EPCOR wastewater districts.

As a resident of Sun City, I live on a very limited income and a 90% rate increase is excessive and I do not believe it is in our city's best interest to consolidate out water system to subsidize those other communities that did not plan well. according to Carole Studdard, SCHOA marketing director the numbers do not add up and has Sun City subsidizing other communities. This is not right and should not occur.

Re: DOCKET NO. W-01303A-09-0343; SW-0303A-0-0343,
Wastewater Rate Design Examination

As a Sun City, AZ resident I am requesting you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a 90% rate increase if full-district consolidation was to be approved by the Commission.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully yours,

X I am opposed to full consolidation
of all EPCOR wastewater districts.

Comments:

Considering the inequality of this proposed suggestion, it makes me wonder how much effort has been put into seeking an equitable solution for all parties. You know that a majority of Sun City homeowners live on a minimum and fixed income, how is it possible that an 80--90% increase in water rates is fair and just? Has there been any conversation about water conservation in all of this? Why not provide incentives to homeowners and HOA's for converting to desert landscaping to reduce the use of water in the first place? Seriously, you can do better than this. If you were in school, I'd give you all D's and send you back to the drawing board.

RE: Docket Number W-02133A-13-0118
Fountain Hills Water Service

Dear Commissioners Burns, Burns, Pierce, Smith and Stump:

We are requesting the Commission rehear the rate increase granted to Chaparral City Water Company and its parent company, EPCOR, for operations in Fountain Hills.

Those living in Fountain Hills have just incurred an 18% increase in water rates. While Fountain Hills may be viewed as an affluent community, residents have not enjoyed income increases in recent years anywhere near 18%. In fact, many have seen no income increase, while others have seen a decrease in income. Nonetheless, all residents must find a way to absorb this substantial new water rate.

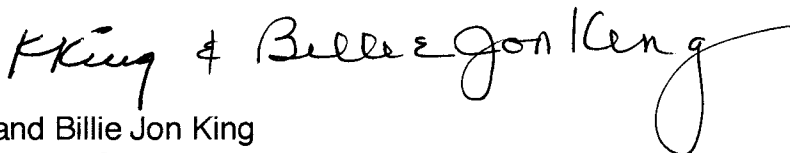

Additionally, the planned implementation of a System Improvement Benefit program could almost double our water rates over the next five years without any public hearings to evaluate the reasonableness of that substantial increase.

At a July 22 meeting Commission Brenda Burns moved to have this rate decision reconsidered, but her motion was rejected on a 3-2 vote.

We request that you reconsider this decision, which we believe disproportionately favors EPCOR's interest in earning a profit over ratepayers' interest in retaining an affordable utility service.

Thank you for your consideration of this matter.

Sincerely,

A handwritten signature in cursive script that reads "K King & Billie Jon King". The signature is written in dark ink and is positioned above the printed name of the signatories.

RE: EPCOR WATER

The request from EPCOR WATER to consolidate Water Districts must be flatly declined by the ACC, with no compromises.

The numerous critical factors comprising each Epcor Water District should over ride changes that will adversely affect Sun City West residents and/or others.

Also, Epcor has chosen to conduct a costly rate review. The cost of such activity is a business decision, therefore , all related costs must be borne by them as any other business entity would be required to do. No users should be assessed any of these charges.

In any of your considerations for Epcor Waste Water charges, it must be remembered that most likely 70% to 80% of water usage by residents in SCW is outdoor watering and never enters the Water Treatment/Sewage systems. In reality at this time, Epcor Water should be forcefully required to provide, at no cost to residents, a separate indoor/outdoor water usage meter.

If the publically elected officials of the ACC grants favorable decisions to Epcor on any of the pending issues, the public concerns might be that the utility companies have greater influence upon ACC Members to the extent that the interests of consumers are slighted.

Sincerely,

F.P. Shokaluk

Sun City, AZ 85351

Dear Commissioners:

I am writing to you at this time to request that you carefully consider the serious economic and social repercussions of approving Epcor Corporation's proposed unification of water and wastewater districts. As most of us in Sun City, I live on a fixed income which consists of Social Security and a VA Disability Pension. The restructuring proposed would raise my bill to well over \$100.00 per month and I'm already on a shoestring budget as I make only slightly over \$20,000 per year.

I spent about 40 years, including 11 in the U.S. Air Force, in the water and wastewater treatment field. I am very well aware of the problems within our country's infrastructure for water and wastewater expansion, repairs and long, long overdue improvements. Everyone seems to take it for granted that our water and sewer

II

systems will last forever and no one wants to pay for charges, improvements or even expansion unless revenue is generated. Well, it just doesn't work that way. Without proper preventive maintenance and other improvements it all "falls down" around us.

But, in an area where most of the residents are on fixed incomes, it is unrealistic to expect us few people to pay for the needs of districts beyond our own. Many can barely afford groceries and medical insurance premiums.

I leave search your hearts for a more economically equitable and fair solution. I thank you for your consideration in this matter.

Respectfully,

Michael D. Durin

Re: DOCKET NO. W2-01303A-09-0343; SW-0303A-0-0343,
Wastewater Rate Design Examination

As a Sun City, AZ a resident I am requesting you do not allow full consideration of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City Wastewater user would experience a 90% rate increase if full-district consolidation was to Be approved by the Commission.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully yours,

Water Action Committee

Support for the Full Consolidation of
EPCOR Wastewater Districts

To: Arizona Corporation Commission
Commissioners
1200 W. Washington - 2nd Floor
Phoenix, Arizona 85007

From: Verrado Beatty LLC
21029 W. Main St
Buckeye, AZ 85396

Subject: ACC docket: SW-1303A-09-0343

Dear Sir or Madam;

Respectfully urge the Commissioners of the Arizona Corporation Commission (ACC) to vote for **full consolidation** of the wastewater districts under EPCOR management in the Phoenix metro area to include: Agua Fria, Anthem, Sun City, and Sun City West. In support of this decision, I urge you to consider the following:

- 1) Verrado and other Agua Fria ratepayers/patrons are unduly impacted by the current **deconsolidated** structure, paying 300% of normal rates for Metro Phoenix.
- 2) That **deconsolidated** rates are negatively impacting the financial health of each affected ratepayer/patron.
- 3) That **deconsolidated** rates are negatively impacting the growth and development of our community.
- 4) That everyone benefits from the growth and development of greater Phoenix, and that **fully consolidated** cost-sharing, where feasible, is fair and reasonable.
- 5) That a simplified rate structure with **full consolidation** works to the long-term advantage of **all** ratepayers/patrons, regardless of district. Costs of future repairs, upgrades, maintenance, and growth will be distributed across a much larger ratepayer/patron group with **full consolidation**, reducing the impact to any single ratepayer/patron.

Thank you for your time and consideration on this extremely important matter.

Sincerely,

Jennifer Clive 9/8/2014

I am opposed to full consolidation of all EPCOR wastewater districts.

One "size" (price) does not fit all. You've heard of that expression.

(In an effort to be equitable and with two of the five districts more far-flung of the other three; maybe EPCOR should sell Anthem to a separate company to help them reach that goal.

C Or perhaps consider a 'tier' approach, i.e., water usage vs wastewater treatment rather than thinking of age of the infrastructure and asking prepayment on future improvements in each of the service districts. It takes more monthly book work (but we are in the digital age), and might arrive at something more equitable to all.

Re: Docket No. W-01303A-09-0343; SW-0303A-0-0343, Wastewater Rate Design Examination

(✓)

I am opposed to full consolidation of all EPCOR wastewater districts.

As a Sun City, AZ resident I am requesting you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a 90% rate increase if full-district consolidation was to be approved by the Commission.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully yours,

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully yours,

I am opposed to full consolidation of all EPCOR wastewater districts.

As a Sun City, AZ resident I am requesting you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a 90% rate increase if full-district consolidation was to be approved by the Commission.

Sun City Home Owners Association

Wastewater Rate Design Examination; Consolidation/ De-Consolidation

**DOCKET NO. W-01303A-09-0343;
SW-0303A-0-0343**

The EPCOR Wastewater Rate issue remains high!

The Sun City Home Owners Association has taken the position **opposing the current EPCOR proposal** which would increase home owners' rates by 90%. ALL residents input is important. If you have not yet sent a letter to the Arizona Corporation Commission regarding this issue, PLEASE do so. Responses are needed if you do not wish to see an extreme increase in Sun City rates. Below is a brief letter for your convenience. If you highlight the letter, select the commissioner's link, you are then able to paste the letter into your email. The MOST important information that is needed is whether or not each respondent is opposed or not opposed to the consolidation. You may provide further information and/or comments, but your **Yes or No** is important to note. Letters need to be submitted immediately to be counted by the ACC.

Re: DOCKET NO. W-01303A-09-0343; SW-0303A-0-0343,

Wastewater Rate Design Examination

As a Sun City, AZ resident I am requesting you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a 90% rate increase if full-district consolidation was to be approved by the Commission.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully yours,

Marketing

Comments: _____

Sun City has always been a well run, well organized adult community. We moved here because my husband has adult-onset Muscular Dystrophy and this was a place where he could stay fairly active due to the weather....plus we could afford to live here on our fixed income. We do not want to pay for the water usage of people who choose to live on large lots in large houses with pools and acres of land with animals who need water. If those developments did not plan well for their communities needs.....then so be it for their area. Do your due diligence when moving into an area but don't expect someone else to help pay your bills. EPCOR should not expect everyone to help pay for

8/27/2014

everyone's water use. It's an easy way out for them, to lump everyone together. Most of the problems in this country have come from everyone wanting everyone to be like everyone else. I gladly pay for my water usage in my water district only. The other districts need to find their own solutions and work that out with EPCOR on an individual basis. _

I will not be able to attend the meeting on August 27, 2014.

Thank you for letting me express my opinion. I have sent a letter to each Commissioner
also. _____

Re: EPCOR FULL CONSOLIDATION OF ITS WASTE WATER DISTRICTS

Dear Commissioners:

We have been residents of Sun City since 1979. Over the years we've seen many changes in our wonderful community. Change must take place . . . it has here, and it's been beneficial to our community.

From the information we've gleaned from correspondence, publicity and hearings, Sun City District capital improvement costs would be \$9+ million over five years. Full Consolidation would add an additional 22+ million over the same period. Subsidizing other districts to over 13+ million isn't equitable.

The residents of Sun City are senior citizens, and many are existing on fixed incomes, that don't increase with inflation from year to year. Why should they be penalized? They've paid their way in Sun City to make it the a livable community over the years.

Please vote to deny *full consolidation* of the EPCOR Waste Water Districts.

Thank you for reviewing this proposal and looking out for the consumer.

Sincerely,

Mary A. Dianis

John E. Dianis

This e-mail is in regards to the Wastewater Rate Design Examination as listed on Docket No. W-01303A-09-0343 and SW-0303A-0-0343 as being discussed. As a Sun City, AS resident I am requesting you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each SunCity waste water user would experience a 90% increase if full-district consolidation was to be approved the the Commission. This is entirely too much to bear in a retirement community or limited retirement incomes.

It is also to be noted that EPCOR, in their ACC response, have also proected an additional capital improvement program of \$9.6 million over the next 5 years. Sun City users would then be required to pay an additional \$22.5 Million over the noted five-year period. This would mean that Sun City would subsidize district costs in the amount of \$13.2 Million. This is, at most a very difficult proposition, that could cost the community immensely. This is not a fair nor equatable solution. We cannot and should not be required to subsidize other districts for poor planning and choices.

Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully Yours,

Gary R. Ulrich

The folks who choose to live west of the Agua Fria River do so because they like living in "Cadillac" homes. Those of us on the east side of the river live in "Chevrolet" homes either because of financial considerations or because "Cadillac" homes are not important to us. Everyone makes their own choice and should reap the fruits of that choice. It's the American Way.

Along comes Wastewater Consolidation and turns that rational upside down. After consolidation, everyone pays a "Buick" wastewater rate and Epcor waltzes away with reduced costs. That's like Robin Hood spelled backward; take from the poor and give to the rich. We say NO to Wastewater Consolidation.

Thank you for this notification.

Most everyone is under financial pressure. While I agree in the "user pay" approach to most services, it is clearly going to be very unfortunate for the pensioners who are living on a limited financial situation that are unable to manage this rate hike and thus ownership of their home is in jeopardy. It will be a real travesty to have homes lost in Sun City because people in other sectors were not actually paying for their fair share. A sad day indeed.

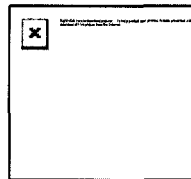

Best regards,

Don

I got a new boomerang the other day and now I'm in a bit of a quandary. How do I throw away the old one?

**DOCKET NO. W-01303A-09-0343;
SW-0303A-0-0343**

**Wastewater Rate Design Examination; Consolidation/
De-Consolidation**

Upon review of EPCOR's analysis and answer to the ACC request pertaining to wastewater ratings, SCHOA disagrees with EPCOR's recommendation to consolidate all of their wastewater districts.

The EPCOR Exhibit of wastewater residential bill comparison shows eight (8) cities, (Sun City, Agua Fria, Anthem not included), with projected increases from 5% to 243%; one city has no increase and two cities with reductions of 44% & 55% given full-district consolidation. Not included are Sun City +89%, Anthem +2% and Agua Fria -54%.

§ Phoenix	+28%	Scottsdale	+80%
§ Peoria	+51%	Glendale	00
§ Tolleson	+243%	Sun City	+89% (not listed)
§ Agua Fria	-54% (not listed)	Anthem	+ 2% (not listed)
§ Goodyear	-44% (within city)	Goodyear	-55% (outside city)
§ Buckeye	+5%	Surprise	+38%

Based on the figures supplied by EPCOR above, each Sun City wastewater user would experience an 89% rate increase if full-district consolidation was to be approved by the Commission.

EPCOR noted in their ACC response that they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

SCHOA will be forwarding a sample letter to SCHOA members as convenience if you wish to respond to the commissioners.

SW-0303A-0-0343**

Re: Wastewater Rate Design Examination

As a Sun City, AZ resident I am requesting you do not allow full consolidation of all the EPCOR wastewater districts.

Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a 90% rate increase if full-district consolidation was to be approved by the Commission.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years.

If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period.

This equates to subsidizing other district costs in the amount of \$13.2M.

We cannot and should not be required to subsidize other districts for poor planning and choices.

Thank you for your consideration

Please vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully yours,
Paul Falzone

As Sun City, AZ residents my wife and I are requesting you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience nearly a 90% rate increase if full-district consolidation was to be approved by the Commission.

EPCOR noted in their ACC response that they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We are on fixed incomes and simply cannot afford this increase and should not be required to subsidize other districts for their poor planning and choices.

Thank you for reading our email and **PLEASE** consider a vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully,

Subject: MY EMAILS TO THE COMMISSIONERS

Dear Commissioners,

My wife and I are new residents in Sun City. Before we finalized our plans to retire in Sun City, and knowing that we would be on a fixed income, we did our best to investigate what the actual cost of living is here in this area. We investigated the cost of the utilities which included the costs of Southwest Gas, of Arizona Public Service (APS) Electric, and of course Epcor Water, along with other factors such as housing, food, and entertainment. Our investigations found that we would be able to afford retirement in the Sun City area.

Now, because of some ill-advised purchases of some other water districts, such as Anthem and other areas, Epcor Water is proposing the consolidation of its waste water rates across all of its Arizona districts. As I understand it, this could mean an 89% rate increase. This would cause an unjust burden on my fixed income budget.

I understand that in 2010, you may recall, Epcor's predecessor, American Water, also requested this same consolidation and it was voted down. The residents of Sun City were opposed to this consolidation at that time. We are still opposed to this consolidation proposal! Most of us are on a fixed income.

Epcor has projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. Even if this full \$9.3M of improvements does come to bear, it would be less than half of what Epcor wants the Sun City residents to pay in their full consolidation proposal. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This means that the Sun City residents would be subsidizing other district costs in the amount of \$13.2M, with our fixed income.

We can't afford to subsidize other areas of Epcor's water districts, and we shouldn't have to. Just like my family did our investigations, Epcor Water should have known what they bought when they purchased it and how much each area would cost to provide them with a reasonable profit. If they didn't, shame on them! We shouldn't be made to pay for their mistake. We don't ask other areas to pay for us and we don't want to pay for them. Let Epcor absorb the loss for their failure to do proper investigation before they bought these other water districts.

It's not right to make Sun City, or Youngtown or any other district make up for their failure!

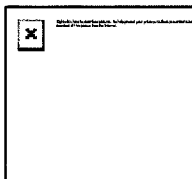

I hope you will vote AGAINST this consolidation!

Thank you,

Stewart Romain, Sun City

90% rate increase, sounds too extreme, and in my opinion it is. When EPCOR held a public meeting on a proposed rate increase for Sun City then indicated that they wanted a 8-10% return on their investment when they acquired the water system for Sun City. I think many of Sun City residents would like the same return on their investments, truth is they getting more like 1-2%

I understand the 90 relates to the consolidation proposal, but the underlining in all this is the rate increase for Sun City.

I am in AZ for only 6 months, but I pay 12 months for everything.

I guess I don't trust any company that has already raised the water rates and want more. Are we responsible for their lack of due diligence when they acquired the assets of the water system, I think not.

We don't have the opportunity to examine their costs to see if they are as efficient as the folks they are serving have to be with their income.

I urge you to deny the consolidation and closely examine their proposed rate increase for Sun City residents and others affected by the proposal

☐ () I am not opposed to full consolidation of all EPCOR wastewater districts.

Water access is an issue of location, infrastructure, asses and demand. Sun City has a long history of its water management and to us, it would be a travesty of justice to consolidate all water districts such that citizens of Sun Ciity would be subject to excessive rate increase to subsidize other areas whom have not been as diligent, and forward looking as has Sun City

Re: **DOCKET NO. W-01303A-09-0343; SW-0303A-0-0343,**

Wastewater Rate Design Examination

As a Sun City, AZ resident I am requesting you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a 90% rate increase if full-district consolidation was to be approved by the Commission.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

Subject: **Docket No. W-01303A-09-0343; SW-0303A-0-0343,**

☐ I am not opposed to full consolidation of all EPCOR wastewater districts.

Comments: Moved in Aug 2007 - After EPCOR took over from American Water,
Our water consumption bill increased about \$8.00 per month
more. Water consumption increased drastically. Other complaint
was they could not read our meter since it was completely
covered w/ gravel/plastic. We are reading our (MANUAL) meter
frequently to ensure they are charging us correct.

Don't be a victim!!

Protect yourself when strangers are in your home...

We all have air conditioning units that need to be serviced, plumbing needs that need to be addressed and monthly home maintenance needs like pest control. So how do we keep our families safe?

- 1 Only hire vendors who can prove all of their employees have completed an investigative background check. Require to see proof. Vendors listed at www.crimefreecircle.com have this ability.
- 2 Have more than one individual home at the time of the service. If that is not possible, have someone on the phone while the service tech is there.
- 3 Hide your valuables.
- 4 Take your prescription drugs out of the medicine cabinet and hide them somewhere else.
- 5 Hide calendars and refrain from speaking about family or work schedules.
- 6 Do not tell delivery drivers or other vendors when your not home or will be going on vacation.
- 7 Keep yourself in a position where you could run to an exit. Do not corner yourself in a room.
- 8 Keep a wireless home phone with you at all times. Unlike a cell phone, if you dial 911 the police will know where to come.

***National statistics say one of every six contractors has a violent, theft or drug related crime within the last 10 years.**

This publication is sponsored by:

CRIME FREE CIRCLE
COM

To find a list of Crime Free Vendors go to:
www.CrimeFreeCircle.com

Don't be a victim!!

Home Safety Checklist...

- ☐ Have a good viewing device in your front door.
- ☐ Have motion sensitive lights around the exterior of your home.
- ☐ Install and set yard lighting to be on in the evening. Highlight bushes around your windows.
- ☐ Check to make sure each window lock functions well.
- ☐ Install and/or test your alarm system at least once a month.
- ☐ Know how to use your panic button on your alarm.
- ☐ Put an alarm sticker in your window or post an alarm yard sign in your front yard.
- ☐ Design an emergency exit plan.
- ☐ All valuables have been inscribed with an identifier or serial numbers have been written down.

Other Suggestions:

- 1 Always keep your doors and windows locked, even when you are at home.
- 2 Do not open the door to a stranger.
- 3 Keep an interior light on in the house at night.
- 4 If you go on vacation put a timer on a light so the look of your house changes.
- 5 Let your neighbors know when you will be back and if you are expecting anyone at your house while you are gone.
- 6 Let your dog bark. Even post a "Beware of Dog" sign.
- 7 Check your mail as soon as it is delivered.
- 8 Do not let newspapers stack up in your driveway.
